

Melinda Gates commits \$1.5 billion over the next 5 years for family planning, mother and child health, and nutrition.

Delivering better health for girls and women is men's work too.

-Ban Ki-moon
 Secretary-General of the UN

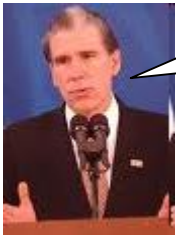

We forget that sex is something to celebrate. It's how we all got here! So why is it so hard to talk about it?

-Gill Greer
 Director-General, IPPF

Men have a small, but important, part to play in reproduction.

-Julio Frenk
 Dean, Harvard School of Public Health

Words of the Conference

- results-based financing
- (health) systems strengthening
 - integration
 - involving men

**HEARD AT
 WOMEN
 DELIVER**

delivering **SOLUTIONS**
 for girls and women

My father interpreted Islam in a way that empowered me. I think it all comes down to how we interpret religion.

-Thoraya Obaid
 Executive Director, UNFPA

Our whole culture is that success is driving ourselves to the ground. We have to change that. And I am doing that through sleep. I am absolutely in love with sleep.

-Arianna Huffington
 co-founder of the Huffington Post

Conference conclusions, including declarations from First Ladies, Parliamentarians and Ministers are available from the Women Deliver website.

Young people are not yet siloed in our careers, so involving us is a way to reduce fragmentation.

-Katie Chau
 Consultant on Advocacy & Young People, IPPF

Hans Rosling gave a rousing talk and demonstration of maternal health data.
